

HTB-MINISPOOLS

Heat-shrinkable tubing box

Single Wall and Dual Wall Tubing
Shrink Temperature >100°C

HTB is a mini spool box containing polyolefin tubings in a variety of materials. It is designed to suit the needs of small consumers such as technical schools, maintenance departments, electrical installers, electrical wholesalers, electronic shops and do-it-yourself enthusiasts. The self-extinguishing tubing is suitable for a wide range of applications including insulation, marking, colour coding, bundling of wires, wire strain relief and mechanical protection.
